CANDOR SURVEY
Strategic Market Research Solutions

Company Overview

Candor Survey is a new and vibrant market research firm that is determined to provide. trustworthy, numerical data to companies in a wide range of industries. We specialize in delivering tailored research solutions to assist organizations in knowing the market trends, business opportunities, and customer behavior.

We are a research company that is growing, so accuracy, transparency, and innovation are of our concern. We

integrate new digital research tools and techniques with on-the-job experience to offer high-quality .quality data gathering and significant analysis. Our services involve online surveys, field. survey, panel recruitment, data collection, and research support of B2B and B2C.

We do not doubt that effective research is the basis of wise decision-making at Candor Survey. Our professional team collaborates with clients in order to know their goals and provide personalized knowledge that helps them grow their business strategy.

We are constantly developing our network and research potential to deliver reliable and affordable solutions. Candor Survey has set out goals of attaining long term relationships through performance based on trust and client satisfaction with a sense of professionalism.

Recruitment Process

Panel Sourcing	• Vetted partner affiliate. • Street and Mall intercepts. • Placement of banner ads to recruit respondents from major websites. • Invite these respondents to join Panelreward via email.
Recruitment Process	• Send email invitation to join Panelreward. • Triple opt-in Respondent as per Esomar guidelines • Multi-mode verification process i.e. Email, Mobile and in some cases social media account verification to be considered as Verified Panel Member. • Frequent and robust profiler surveys.
Panel Measures	• In built digital finger print tool to eliminate duplicate respondents. • Field dummy surveys and check for inconsistencies in survey responses. Flag and remove anomalies such as speedsters, straight liners etc.. • Set quotas as close to census representation in each country. • Track and remove inactive and fake email address.
Panel Management & Segmentation	• Encourage respondents to keep profiles updated . • Segment respondents for 40+ categories ranging from demos to speciality attributes such as Hobbies, Travel, Healthcare, Vehicle ownership etc. • Keep respondents engaged via Social Media engagement activities, send feedback surveys etc. • Easy and hassle free reward system.
